MINUTES Faculty of Graduate and Postdoctoral Studies Graduate New Programs and Curriculum Committee Meeting March 6, 2015; 9:00 – 11:00am Venue: Room 203, Graduate Student Centre, 6371 Crescent Road

Present: Tony Bi, Murali Chandrashekaran, Daniel Fritz (Minutes), Jessica Iverson, Ujendra Kumar, Lena Patsa, Max Read, Clive Roberts (Chair), Tom Scholte, Susie Stephenson

Regrets: John Church, Norm Hutchinson, Andrew Riseman

1. Adoption of Agenda

-Approved

- 2. Minutes of February 20, 2015 Meeting -Approved
- 3. Business Arising -N/A

4. Resubmitted Proposals

Faculty of Applied Science	
Submitted by Luke Parkinson	
	UDES 503 (6)
	Action: Approved
	MUD Degree Requirements
	Action: Approved, pending minor edits
	 Please clarify the history/theory credit
	requirements in the "Proposed
	Calendar Entry" field. Currently, the
	section notes "3 of which," but it may
	be more accurate to state "a minimum
	of 3 of which?"
	-Please ensure that the wording in the
	"Current Calendar Language" section
	accurately reflects what is displayed in
	the Academic Calendar. The language
	currently states "3 of which must be"
	while the form notes "3 of which may
	be
	-The Committee's recommended
	changes have been applied to the
	proposed calendar entry.

5. New Proposals

Faculty	of Arts
Submitted by	y Julie Walchli
Arts PhD Co-Op Program (General)	
Action: Hold	
-There is broad support from the	
Committee for this proposal.	
-The Committee questioned whether	
there will be some issue with Arts co-op	
students taking employment	
opportunities away from students who	

have already completed their PhD program? It would be beneficial to address this issue in the proposal. -Please provide a response to Alan Richardson's comment in the curriculum consultation. If possible, please provide the program's response to Dr. Richardson for the GNPCC's records. -In the 2-column Curriculum Change form, please ensure that the "Proposed Calendar Entry" section is in the present tense. -In the last paragraph of new text in the "Proposed Calendar Entry," please clarify what is meant by the "student's academic record." Is this relating to a student's transcript, parchment, or some other record? -The "Proposed Calendar Entry," states that "Students in a co-op program normally complete three, four-month paid work terms" Please consider changing the wording of this to state "three work terms, each four months in duration," -In the "Proposed Calendar Entry," please consider record? -The "Proposed Calendar Entry," please consider Endvie to state "three work terms, each four months in duration," -In the "Proposed Calendar Entry," please consider termoving "also" from the sentence Graduate Co-op professional staff and faculty advisors also visit students" -In the "Proposed Calendar Entry" please change "would include" to "may include" in the sentence stating "Job options would include". -Please ensure that the terminology throughout the "Proposed Calendar Entry" section is consistent, especially concerning reference to" a student" vs. "students." -The "Proposed Calendar Entry" states that "Individual Departments will develop their own policies about pausing funding while students are on co-op terms and be clear with applicants about this prior to them applicing and are responsible for communicating these policies to		
address this issue in the proposal. -Please provide a response to Alan Richardson's comment in the curriculum consultation. If possible, please provide the program's response to Dr. Richardson for the GNPCC's records. -In the 2-column Curriculum Change form, please ensure that the "Proposed Calendar Entry" section is in the present tense. -In the last paragraph of new text in the "Proposed Calendar Entry," please clarify what is meant by the "student's academic record." -As this is a new program, please ensure that your Budgetary Impact of Curriculum Proposals form is signed by the Provost. This must be obtained before this proposal can be presented at the Senate Curriculum Committee. -Please ensure that students are informed that they will still be responsible for paying normal tuition/student fees during co-op terms (as they will be formally registered in courses). This information should also be included in the program proposal. -In reviewing Appendix A, it appears that SSHRC's requirements regarding leaves and funding may not allow students to continue to receive funding while on a co-op term. Please clarify with Brendan Morey (Awards Manager- G+PS) whether Arts PhD Co-op students will, in fact, be able to continue receiving funding. Students will be registered in courses and paying fees/tuition which may cause some administrative issues (as this is technically not considered being on leave). You may also need to consult directly with SSHRC regarding the relevant policies. How does SSHRC's definition of a leave compare to the program's definition of a leave? Do these two definitions align? Please also check similar awards language in section IV in the proposal document. -Please ensure that the title of the program is consistent across all programs. For example, the general proposal for the Arts PhD Co-op program refers to the program as "Doctor of Philosophy Co-Operative Education Option." While the English PhD Co-Op program refers to the program as "Cooperative Work Program." The preferred terminology is "Doctor of Philosophy Co-Operative Education Option."

English PhD Co-Op Program Action: Hold

-Please ensure that the title of the program is consistent across all programs. For example, the general proposal for the Arts PhD Co-op program refers to the program as "Doctor of Philosophy Co-Operative Education Option." While the English PhD Co-Op program refers to the program as "Co-operative Work Program." The preferred terminology is "Doctor of Philosophy Co-Operative Education Option."

-Please consider listing the program requirements on the English PhD Co-Op page (i.e. ASTU courses). Alternatively, it may be beneficial to link to the general Arts PhD Co-Op page within the Academic Calendar.

<u>General Comments Regarding all ASTU</u> <u>Course Proposals</u>

- -Please ensure that all of the proposed courses have the required Budgetary Impact of Curriculum Proposal form and the Library Consultation form. All courses can be included on a single Budget and a single Library form.
- -In the syllabus, please consider including a rubric for the employer noting what they can expect from the student during a co-operative education term.
- -Please consider creating a contract-style document (between students, employers, and the University) that serves to protect the rights of all parties involved. This document should also clearly state that the goal of the cooperative education program is to enrich students' educational experiences.
- -If the above information/contract already exists, please include this information in the program proposal and the syllabi.
- -The following four courses are considered to be on "hold" pending completion of the program proposal above. The courses will be approved when the program proposal has been approved.

ASTU 610 (3)

Action: Hold

-Consider adding a course description to this course that mirrors the language that is presented in other ASTU co-op courses on the Academic Calendar. For

example, see ASTU 501.

Faculty of Ap	plied Science
Submitted by I	Luke Parkinson
	General notes on all ARCH course
	proposals:
	 You will need to include credit-exclusion
	statements for courses that reuse course
	numbers. For example, the proposed
	ARCH 500 will need a statement noting:
	"Credit will be granted for only one of
	ARCH 500 or ARCH 502."
	 You also need to review whether you
	will be able to reuse certain course
	numbers, as the general rule is that
	course numbers cannot be reused for the
	standard length of the program plus one
	year AFTER the course has no longer
	been offered. For example, if the
	standard M.Arch program is 4 years, and
	you want to reuse the ARCH 500 course
	number which was last offered in 2010,
	then you will need to wait until 2015 (5
	years) until the course number can be
	reused. Please see page 18 on the
	Senate Curriculum Submission Guide for
	more information.
	-Please check the prerequisites for each
	course and ensure that they are updated
	along with the new and old numbering
	system. You should also consider how
	you will track prerequisites after the
	course numbering changes have
	occurred.
	-It may be easier to submit these changes
	in a 2-step process, where course titles
	and descriptions are changed first, and then course numbers are changed
	5
	accordingly.
	 If course descriptions have been removed or updated, this change should
	· · ·
	be noted in the "Type of Action" field on
	the 2-column Curriculum Change form.
	-Please provide additional information in

the "Rationale" section for each proposal where the course description or course title has changed. You will need to address why these changes to title and description are necessary. -The Committee Chair and the Graduate Curriculum Coordinator have regular meetings to discuss upcoming curriculum proposals. Please consider attending one of these meetings to discuss the proposed changes to the ARCH and LARC course numbers. Please contact the Graduate Curriculum Coordinator (graduate.curriculum@ubc.ca) for more information.

ARCH 500 (2) Action: Hold

-The "Rationale" section states that the "revision clarifies current content," but instead, content from the description has been deleted. Please provide further information on how the proposed change clarifies current content and why the change is necessary.

Submitted by Melanie Train/Carol McAusland/Simone Diego Castellarin	
LFS 530 (3/6) c	
Action: Approved	
-Before delivering this course to	
students, please include additional	
information about the mid-term	
progress report in the syllabus. Please	
note whether the supervisor will	
provide formative feedback during the	
mid-term progress report.	
- Before delivering this course to	
students, please ensure that the	
Syllabus is updated to reflect that the	
course is worth "3/6" credits instead of	

what is currently stated ("2-6 credits").
PLNT 542 (3)
Action: Approved, pending minor edits
-As this course is cross listed with APBI
442, the proposed Calendar entry must
include a credit exclusion statement.
This statement has been added to the
"Proposed Calendar Entry" section of
the 2-column Curriculum Change form.
 Upon review of the course syllabus, the
Committee strongly suggests removing
the "clicker" requirement for graduate-
level students. Instead, please consider
revising the syllabus to note that
attendance is mandatory.
-Please ensure that the lecture durations
are accurately reflected in the syllabus.
The current syllabus notes 75 minute
lectures. Standard courses are
scheduled in 50 minutes blocks.

6. Online Review of Category 2 Proposals

Faculty of Medicine	
Submitted by Heather Cheadle	
	PATH 549 (18) Honours/Pass/Fail Grading
	Action: Hold
	-Please include information in the
	"Rationale" section of the 2-column
	Curriculum change form noting how
	students will be graded as either
	honours, pass, or fail. Also, please
	ensure that this information is clearly
	communicated to the students in the
	syllabus. The Committee recommends
	that the program generate a rubric
	noting how students will be graded, for
	both students and examiners.
	-The text "Honours/Pass/Fail" should be
	added to the "Proposed Calendar Entry"
	section of the 2-column Curriculum
	Change form.
	-If possible, please provide the materials
	that are used by examiners that help
	them determine a student's standing in
	the course.
	PATH 500 (2-6) d Deletion
	Action: Approved
	MSc- PATH: Calendar Language Change
	Action: Approved pending changes

-The Committee approves of this
proposal pending several updates to the
PALM Calendar entry including:
-Removing course titles when
specific course numbers are
referenced
-Removing "credits" when
referencing the value of specific
courses
-Changing "Pathology" to "PATH"
when referencing specific courses
 Removing requirements that are
standard across all programs.
-The proposals will be updated with the
Committee's recommendations and
provided to the proponents.
PhD- PATH: Calendar Language Change
Action: Approved pending changes
-The Committee approves of this
proposal pending several updates to the
PALM Calendar entry including:
-Removing course titles when
specific course numbers are
referenced.
-Removing "credits" when
referencing the value of specific
courses.
-Changing "Pathology" to "PATH"
when referencing specific courses.
-Removing requirements that are
standard across all programs.
-Rewording the Calendar entry to
positive language. Please only state
what will be required of students,
instead of what will not be required
of students.
-The proposals will be updated with the
Committee's recommendations and
provided to the proponents.
