4. New Proposals – New Programs

Faculty of Education Submitted by Teresa Dobson / Tatiane Lima
<p>MEd in Indigenous Education – Create new program</p> <ul style="list-style-type: none">• Add a paragraph or two providing some direct links between this program and the described changes in the K-12 curriculum (i.e. how this program will prepare graduates to teach the new curriculum).• The slate of existing courses in Indigenous education is a strength of the proposal and one that the proponents might want to highlight a little more.• References to “7 terms” should be removed as they don’t accurately capture UBC’s term structure. Using months of study is clearer.• Do a review of the document for use of Aboriginal vs. Indigenous. Should also change all instances of Indigenous People to Indigenous Peoples.• Inclusion of course titles in the Program Requirements in the Calendar entry is probably helpful in this instance, but proponents should be aware that updates to this page will be required if any course titles change in the future.• Ts’kel does not appear in the EDST 545 and 546 course titles in the Calendar and should probably be deleted here. <p>Action: Approved</p>
